## CB Richard Ellis Named World's Leading Real Estate Advisor in 2010 Euromoney Awards

CBRE secures top award in Asia in addition to other global, regional and local accolades in international poll

---

**20 September, 2010 Asia** — CB Richard Ellis (CBRE) has been named the top global real estate advisor and consultancy firm in the 2010 *Euromoney* Real Estate Awards. This is the fourth time the company has won this prestigious title since *Euromoney* began the awards in 2005. CB Richard Ellis was also named the top advisor in Asia.

*Euromoney*, a leading international finance publication, annually polls its readers – corporate and financial decision makers in more than 160 countries – to identify the best advisors, developers and banks in the real estate market on a global, regional and individual country basis.

In addition to winning the overall Global Real Estate Advisor and Consultancy award, CBRE won global awards in the Industrial, Corporate Real Estate, Valuation and Property Management categories. The firm was also voted number one advisor and consultancy firm in the Asia and Western Europe regions. Within Asia, CBRE was voted as the leading advisory and consultancy firm in China, Hong Kong, India, Japan, Korea and Singapore.

Commenting upon the awards, Chris Brooke, President & CEO Asia, CB Richard Ellis said "It is highly rewarding to receive this client recognition for industry leadership in Asia, in addition to the awards which we secured upon a global basis. We are mindful that in a dynamic region such as Asia, the ability to adapt to changing client needs is critical – this is an area upon which we will continue to focus as we look to support and add value to the business objectives of our clients throughout the region."

Brett White, CB Richard Ellis' Chief Executive Officer, commented: "These awards are particularly significant because our clients and industry peers have singled out CB Richard Ellis for distinction. Winning the top accolades reflects the uniformly high caliber of our service offering around the world, our unwavering quality commitment, and ability to deliver exceptional results – across service areas and global markets – through all market conditions."
